It's Out of This World

*Ozone* is a **modern fairy tale for adults**. Three immortal clowns play out bawdy, boisterous games as they venture to the sun to be roasted to death; but Immortals cannot die! They return to earth to find a burnt-out, blistered land. The three clowns finally find their salvation when they learn to be **green!**

With this **earthy, comic, vaudevillean** play, TheatreWorks returns to The Drama Centre. The traditional street theatre of *wayang* clowns will be fused with modern, **vogue designs** and futuristic **new-age music**. It promises to be good fun with a cause... the green cause.

**ARIFIN C. NOER**, director, playwright, actor and film director, is acknowledged as a **foremost master** of Indonesian theatre. His most famous play, *Kapai-kapai* (The Moths), has been performed in three continents. His films have been shown at the Asian and London Film Festivals. In 1990, he was awarded six Indonesian **Oscars** for the film, *Taxi*.
