In November 2005 a month of exhibitions, performances and concerts took place in Ho Chi Minh City. Titled RENDEZVOUS, this groundbreaking month long event served to introduce a collision of contemporary art and digital culture into the Vietnamese art scene.

Organised by the HCMC-based Wonderful District and presenting both Vietnamese and foreign artists to Vietnam, the objective of this artistic and public event was to support the emergence of contemporary art culture in Vietnam and to introduce it to the general public. The outcome was a very successful turnout and extremely positive feedback from those involved.

TheatreWorks has invited a special compilation of RENDEZVOUS to Singapore, this special compilation is A Wonderful Weekend – TheatreWorks' Good Friday Weekend Event.
