mind?...

## a measure of status quo and social trapping?

OVIDIA YU takes a daring and revealing *jab* at what it takes to be a Singapore **SUPERWOMAN**—the housewife/career woman/mother/object of desire et al?

*"Indeed, Ovidia Yu's play, **Three Fat Virgins Unassembled**, is as raucous as a hurtling rollercoaster... a **HARD, anGry** core is gilded with brilliant comedy, and the form takes nimble twists, keeping the audience just one delicious step behind the playwright."*
